

METROCHEM API PRIVATE LIMITED

ENVIRONMENTAL COMPLIANCE AND MANAGEMENT PRACTICE

PHARMACEUTICAL IN ENVIRONMENT POLICY

Plot No 34B,40B, 60B,
J.N. Pharma City, Parawada,
Visakhapatnam, Andhra Pradesh 531021

Metrochem API Pvt. Ltd manufactures API's, Intermediates and Pellets. We are focused on steps to reduce API in Environment (PIE) through minimization of API residue /losses in wastewater streams.

- To make a system of periodic review of the manufacturing process to measure API losses for batch and cleaning cycle.
- To increase environmental awareness among employees' regular/contract workmen and all associated stakeholders.
- To make a system for periodic review of the manufacturing process to improve yield to avoid product loss.
- To adopt Mass balance
- To stop direct discharge of waste, spilled or rejected material, to sewer..
- To use dry cleaning practices with appropriate disposal up to extent possible.
- To effectively minimize equipment rinse discharge.
- To meet environment protection statutory requirements.

To focus on risk assessments against discharge targets (known as Predicted No Effect Concentrations (PNEC))
